Wheel of Dating

Directions: This wheel contains 12 sections that represent your entire dating skill set. This coaching exercise measures your current level of skill in these areas. Taking the center of the wheel as 0 and the outer circle as an ideal 10, transfer your level of skill from the questions page over to the wheel by drawing a curved line on the number to create a new outer edge. The new perimeter represents your Wheel of Dating. How bumpy would the ride be if this were a real wheel? The smoother your ride is, the better you will do.
